

# WILLIAMS ISRAEL

Frontend Developer (Soon-to-be Fullstack)

Lagos, Nigeria • wisreal763@gmail.com • GitHub: [@WesleyrWilliams](#)

---

## PROFILE

I'm a frontend developer passionate about building fast, modern, and scalable web applications. I specialize in **React**, **Next.js**, and clean UI development, focusing on smooth interactions and production-ready architecture.

I enjoy collaborating with founders, designers, and product teams to turn ideas into well-structured, real-world products—from concept to deployment. Currently growing into fullstack development with **Node.js**, **Express**, and **Firebase**.

---

## SKILLS

### Frontend

- React
- Next.js
- JavaScript (ES6+)
- TypeScript
- Tailwind CSS
- Vite

### Backend (Learning / Intermediate)

- Node.js

- Express
- Firebase

## Tools

- Git & GitHub
  - VS Code
